

ZAMBIA WATER AND SANITATION PROJECT (ZWSP) ENVIRONMENTAL AND SOCIAL IMPACT ASSESSMENT (ESIA) SCOPING MEETINGS

Mulonga Water Supply and Sanitation Company Limited (MWSC) is implementing the Rehabilitation and Upgrade of Water and Sewerage Treatment Facilities through the ZWSP Project in Chingola, Chililabombwe and Mufulira. The overall objective of the project is to increase access, quality and sustainability of water supply and sanitation services including ensuring effective management and operation of the water supply and sewerage facilities on commercial principles in the selected three towns served by MWSC.

In compliance with the Environmental Management Act (No. 12 of 2011) read with Environmental Impact Assessment Regulations, Statutory Instrument No. 28 of 1997, MWSC will prepare and submit an Environmental Impact Statement (EIS) to the Zambia Environmental Management Agency (ZEMA) for review and consideration.

MWSC warmly invites government agencies, local authorities, traditional leadership, non-government organizations (NGO), Faith-based Organizations, community-based organizations (CBO), interested and affected parties, business community, interested and affected communities and individuals to a Scoping Meeting in order to obtain views and concerns from all stakeholders to consider during the detailed ESIA for the project

The venues and times for the public consultation meetings are:
